

DONNIE LESEBERG MEMORIAL IMAC EVENT

In memory of Mark and Kyle Leseberg's brother, Donnie, a new tradition was started with the Donnie Leseberg Memorial IMAC contest April 20, 21, & 22. Tony Russo from Desert Aircraft organized the program which attracted 30 pilots from all over the Southwest. Great weather, great competition, and large doses of generosity were the standard for the weekend. Twenty two sponsors donated more than \$10,000 in merchandise to be awarded as prizes and auctioned off. The raffle winners were Bill Disney who won a Dalton Aviation Extra 300 kit and Anthony Matera won the Desert Aircraft DA-170 engine. All proceeds are to be donated to the [Donnie Cole Leseberg Fund](#).

Donnie's son, Cole, placed 5th in Basic in his very first competition!
